

February Birth Flowers

With Valentine's Day on people's minds, February is a big month for flowers. But, oddly enough, the red rose is *not* February's birth month flower! The February birth month flowers are the **violet** and the **primrose**. **Violets** signify watchfulness, loyalty, and faithfulness. Give a violet to someone to let them know you'll always be there for them. The other February birth flower is the **primrose**, which lets someone know you can't live without them. Primroses are colorful perennials of European origin that are not actually related to the rose. Among the first to bloom as winter retreats, they'll multiply each year if given a little shade and moist (but not soggy) soil.

Current Project

January is already gone. February always goes fast and spring is just a few short weeks away. Time seems to go faster every year. I'm reminded as we look at the project we just completed. We broke ground on this one right after Thanksgiving 2018. The holidays, rain, a 14" snow and cold were the main challenges dealt with on this project. Our crew powered thru and brought this masterpiece together in grand fashion. This comprehensive landscape renovation compliments the home renovation in like manor. The two combine to transform this 60's era home into a stunning abode here on beautiful Lake James. The hardscapes, boulder work, plant selection, and new turf, accentuate the home exterior well. The homeowner has been a pleasure to work with and a tremendous help in providing delivery of the many loads of topsoil and gravel used throughout this project. We are so proud of this project and are most grateful for the privilege to be a part of this great remodel endeavor. Many thanks to the Fishers for this great opportunity.
