

Company News

For 12 years Katy Fox has been a big part of our App-Nat team. She has become a leader in many ways and has grown into a fine young professional. As fate would have it, her time here has come and gone. She is a fellow NC State graduate and has worn many hats in our organization. She has been managing our maintenance division, is a talented designer, certified arborist, estimator, office manager at times and a great friend and loved one. A void will be created that will challenge all of us here at AppNat to fill and grow in each of our roles as we move forward. Many of our clientele has come to count on her for expertise and knowledge in all things landscape. Please bear with us as we adapt to this huge change in our organization. Any calls and questions that would normally go to Katy should come to the office and will be addressed as timely as possible. Katy will be relocating to the Charlotte area to start a new chapter in her life. She will be greatly missed. She is still a native to Burke County and I'm sure we will see her from time to time. We wish her all the best in her new adventure.
